# Manufacturing & Distribution Facility Solutions

American Paper and Twine, a division of Imperial Dade, recognizes that manufacturers and distributors need a partner who will introduce solutions designed to meet specific goals. Our sales professionals, corrugate specialists and equipment engineers will conduct an on-site review of your entire packaging operation and provide a comprehensive analysis to identify opportunities for innovation and improvement.

We work with you to develop solutions that help you gain efficiencies, improve quality, reduce shipping costs, and decrease labor costs- all while helping to minimize damaged product, waste, inventory and overall costs. Ultimately, all of these improvements lead to more timely shipments, faster turnaround and happier customers.
